2. Form, Style and Placement in Administrative Code

The material set forth in the newly created note following s. Comm 129.13 seems substantive and should be placed in the text of the rule. [See s. 1.09 (1), Manual.] In the alternative, the note could be redrafted so that it just states what the statutes provide; i.e., eliminate the phrase “this chapter does not prohibit the department from reallocating” and replace it with “the department may reallocate”.
